International workshop “Novel leads and drugs for vector borne diseases: Targets and off targets (toxicity and ecotoxicity) and mechanism of action” | 19-20.09.2024

Organised in the context of the COST ACTION 2111-OneHealthdrugs – “One Health drugs against parasitic vector borne diseases in Europe and beyond” <https://onehealthdrugs.com/>. The workshop seeks to provide up to date information and integration strategy on sustainable drug discovery for vector borne diseases (VBDs). Special emphasis will also be given to new targets for VBDs and methods to study their engagement as well as on biodegradability and toxicity aspects pinpointing the effect on the environment. The event is open to PhD, young innovators and senior scientists from both academia and pharma. Registration & Abstract Submission deadline: 05.08.2024

NEON City Project 2024 | Iris Touliatou | Before and After Science

NEON, a non-profit organisation that works to bring contemporary culture closer to everyone, collaborates with the National Hellenic Research Foundation and presents the exhibition "Before and After Science", a new commission to artist Iris Touliatou curated by Galini Notti. The exhibition is part of City Project 2024 and unfolds in the outdoor space, the lobby, and the Library of Science, Technology and Culture "K.Th. Dimaras".

National Hellenic Research Foundation, 48, Vasileos Konstantinou Ave.
27.05.2024 - 07.07.2024 | Opening: 27 May 2024, 19:00

Second Meeting: Seven ERA Chairs in Greece
